

Jeffrey Resto Jr.

New York, NY | (646) 209-3099 | restojeffrey@gmail.com | [Project Portfolio](#)

Profile

Cybersecurity professional with hands-on experience in threat detection, incident response, and security risk assessment. Skilled in identifying and mitigating vulnerabilities through simulated attacks, network analysis, and security testing. Strong foundation in compliance frameworks, governance, and cross-functional collaboration. Bilingual in English and Spanish with proven ability to communicate technical findings to both technical and non-technical audiences.

Education

John Jay College of Criminal Justice – New York, NY

B.S. in Computer Science & Information Security

GPA: 3.2

Technical Experience

Cybersecurity Projects & Simulations

- Conducted network enumeration and vulnerability scanning on Windows and Linux environments using Nmap, Global Network Inventory, and stealth scans to assess security posture.
- Performed port scanning and reconnaissance using netstat and ShieldsUP to identify open services and evaluate TCP/IP exposure risks.
- Simulated Denial-of-Service (DoS) and SYN Flood attacks, capturing live traffic with Wireshark to analyze resource exhaustion and server response degradation.
- Executed Cross-Site Scripting (XSS) attack simulations, identifying reflected and stored vulnerabilities and recommending mitigations such as input validation and CSP.
- Documented findings, presented risk assessments, and developed recommendations for improved security controls.

Employment

Mount Sinai Hospital – New York, NY

Patient Encounter Lead | August 2024 - Present

- Delivered technical onboarding and EHR system training for new staff, emphasizing secure data handling and compliance with HIPAA standards.
- Performed data audits and error remediation, ensuring integrity and regulatory compliance across sensitive patient records.
- Provided tier-1 technical support, troubleshooting access issues, verifying user accounts, and escalating incidents as needed.
- Coordinated with clinical and administrative teams to improve workflows and enforce documentation standards, applying governance and compliance principles transferable to IT security.

Brennan Center for Justice – New York, NY

Cybersecurity Undergraduate Internship | Spring 2024

- Support help desk functions, including troubleshooting technical issues and providing user support across the organization.
- Assist the IT and Security team with day-to-day cybersecurity operations and monitoring.
- Assist with auditing user permissions and reviewing logs for anomalies.
- Support projects related to improving the organization's security posture, such as MFA rollouts, password hygiene campaigns, or endpoint hardening.

Mount Sinai Hospital – New York, NY

Patient Encounter Associate | Dec 2021 – July 2024

- Gather registration and financial information for patient pre-registration and enter the information into the practice management system.
- Completed verification of demographics, facilitated financial screening, conducted efficient insurance verification, reviewed MSMCs self-pay policy for new and returning patients.
- Ensured prior approval and other required procedures were met prior to delivery of care, by working collaboratively with other hospital departments.

- Participated in system development and process improvement by providing feedback to Manager regarding issues in registration and change posting that impact negatively on operations.

Certifications

- CompTIA A+
- CompTIA Network+
- Cisco Network Defense
- Cisco Endpoint Security

Skills

Security Tools & Platforms: Nmap, Burp Suite, Metasploit, Wireshark, Packet Tracer, Vulnerability Scanners, EDR/AV solutions

Programming & Scripting: Python, C++, PERL, SQL, JavaScript, HTML/CSS

Security Concepts: Incident Response, Threat Hunting, Vulnerability Management, Data Loss Prevention (DLP), Encryption, Authentication/Authorization, CSP, TCP/IP, ICMP

Compliance & Governance: Risk Assessment, Security Policies, NIST CSF, ISO 27001, SOC 2 (familiarity), HIPAA, SOX (awareness)

Soft Skills: Bilingual (English/Spanish), Documentation & Reporting, Cross-Team Collaboration, Training Support
